

Teacher's Name: Barbara

Grade: 1

Date of class: Thursday, February 9, 2012

Date homework is due: Thursday, February 16, 2012

HW # 18

1. What we did in class:

Unit 11: Comparing Numbers

2. Exercises for the homework:

Exercise 1: p. 7 - 8 in Workbook

Exercise 2: p. 9 - 10 in Workbook

Exercise 3: p. 11 - 12 in Workbook

Math Kangaroo: *See Attached*

Word Problems: Show your work with pictures and/or numbers.

Write an equation.

1. 5 lamp posts are equally spaced along a straight road. The distance between the first lamp post and the second lamp post is 4 walking steps. How far is it from the first lamp post to the last lamp post.

2. If a fork has a length of 3 units and a knife has a length of 4 units, what is the least number of forks that will have the same length as any given number of knives?
